

STOKESLEY TOWN COUNCIL

A Meeting of the Town Council was held on Tuesday 14 June 2022 at 7 pm
in Stokesley Town Hall

Present: Cllrs Sally Atkinson, Mike Canavan, Sean Carey, Bryn Griffiths, Christopher Johnson, David Oxley, Audrey Scott and Andy Wake.

Clerk – Mrs Julie McLuckie, Sgt. Rahouf & PC Jones, 2 representatives from ZZoomm and 5 residents.

In accordance with the notice of meeting a public forum session took place from 7 pm to 7.15 pm.

The Police report had been circulated and included a request for the CCTV camera to be moved from West Green to the Field/Army Woods for a temporary period following an increase in anti-social behaviour in this area. **RESOLVED** that members would review possible options and report back to the Police with their proposals.

Sgt Rahouf informed members that he is covering Stokesley during Sgt Ross' absence and that he would be taking a pro-active approach to policing in the area. Unfortunately, the team in Stokesley is currently under resourced due to PCSOs securing full time officer roles.

The residents in attendance expressed their concerns about the consultation proposals to introduce a Play Park. Cllr Oxley provided feedback on the consultation process and confirmed that the decision made at this meeting would be included in the next newsletter which is circulated in the Market Place to every household.

The representatives from the ZOOMM Fibre Broadband team provided members with an update on the work they are carrying out to introduce fibre broadband in Stokesley. Their aim was to, where possible, utilise ducts and poles that are already in use by Open Reach so keeping any disruption to a minimum. **RESOLVED** that ZOOMM provide maps of where the work will be taking place to the Clerk so that we can check if there is any impact on Manorial Land and ensure that the appropriate procedures are in place. Also, so we can advise residents in advance of any disruption they may have whilst the works are carried out. ZOOMM confirmed that they hope to have the first stage complete and up and running by September 2022 and that all works will be completed by Spring 2023.

North Yorkshire County Council

Cllr Griffiths advised members that there is a lot of work taking place to try and ensure that everything is transferred across to the Unitary Authority. This is putting a strain on staff and resources which is a concern.

NYCC have confirmed the route for the Tour of Britain but we are waiting for confirmation of the timings for the event which will come through Stokesley. This may also include an intermediate Sprint through the centre. **RESOLVED** that the Clerk will liaise with NYCC and

HDC regarding this event with a view to hosting something in the centre of Town. The Communications and Events Committee will lead on this.

Damaged Bus Stop – following criminal damage to the bus stop on the Leisure Centre roundabout the glass and tape have still not been removed despite several requests to NYCC. **RESOLVED** that Cllr Griffiths would arrange for this to be addressed.

West Green Loose Cobble – Cllr Canavan confirmed that this has still not been repaired. **RESOLVED** that Cllr Griffiths would raise this and request that this be addressed.

Trees – Riverslea / Riversdene – the trees that belong to NYCC are in need of urgent attention and maintenance as they are now obstructing public rights of way and overhanging the carriageway. Cllr Canavan has been advised that NYCC will carry out an inspection of the trees and asked Cllr Griffiths to encourage them to carry out a full maintenance programme, rather than just removing a few branches, as this has not been done for several years. Cllr Canavan indicated he would be happy to accompany the NYCC inspector on a site visit.

Hambleton District Council (HDC)

Cllr Wake advised members that he had requested an update on the current legal enforcement against the British Legion Club and adjacent land and would continue to push for this to be progressed.

Cllr Griffiths had expressed his disappointment to HDC that they had opted to promote Northallerton and Thirsk market in a recent press release but excluded Stokesley and other market towns and awaits a response.

1. The following Planning Applications were received and reviewed. **RESOLVED** to confirm approval of all the comments submitted as detailed.

Cllr Griffiths as a member of HDC Planning Committee observes and offers advice only regarding planning applications discussed.

Applications Received

22/01159/FUL - 22/01222/LBC 55 Levenside – proposed replacement of decayed wood sliding sash windows with new wood sliding sash windows. **RESOLVED** no objections.

22/00644/FUL - 11 Roseberry Avenue – single storey side/rear extension. **RESOLVED** no objections.

22/01111/FUL – 50 College Square – replacement and repair to two dormer windows to the front elevation, replacement of the plain fascia boards with Victorian patterned fascias and replace the weathered and rotten timber cladding on each dormer with tongue and groove sapele boarding. **RESOLVED** no objections but would welcome the Conservation Officer selecting the preferred window option from those offered.

22/00443/LBC – 73 Levenside – LBC for the internal and external alterations to dwelling and widening of the driveway. **RESOLVED** that where the elements of the original application have not been changed then the comments made in the initial response remain valid. Stokesley Town Council endorse the comments made by the Conservation Officer, the CBA Georgian Group and Historic England on the original application which are still relevant to the revised application.

22/01151/FUL – Stokesley Golf Range – Construction of a single storey extension at Stokesley Golf Range to provide larger indoor seating area with café / function room facilities and the provision of additional staff car parking to the north. **RESOLVED** no objections in principle, but STC make the following observations:

- The existing floor plan drawing only appears to display incompletely, with no detail shown other than the eastern and southern walls;
- The application appears to keep open the options for heat pumps and PV panels. No details are provided in the application in either visual or written form of their appearance nor location.

STC would like these shortcomings to be addressed prior to consideration by the Planning Officer.
